

Sacramento Container Corporation

66-INCH ROTARY DIE CUT OPERATOR

Sacramento Container is a leading corrugated box manufacturer and packaging distributor located in California. We have been recognized in our industry for our innovative approach to "Changing the Rules", our tremendous growth, and our industry leading technology.

Minimum Qualifications:

- Must have prior experience as a rotary die cut operator
- Knowledge of flexo-printing and die cutting is required
- Skilled in, and able to, operate a 3 color machine with martin stacker
- Ability to maintain a fast pace in production-oriented warehouse

Application Instructions

Please send resume by email to employment@saccontainer.biz or fax to 916-614-0591. Applications are also available at 4841 Urbani Ave. McClellan, CA 95652.

Applications are only accepted for open positions. If you are applying for more than one position, please complete a new application for each additional position. Applications that are received incomplete, are missing requested information, or are submitted after the closing date, will not be considered.

It is important that your application clearly indicate that you meet the minimum qualifications for the position. Please include enough relevant training and experience to demonstrate that you possess the minimum qualifications. Only applications that meet the minimum qualifications will be considered. Please note: no submitted materials will be returned.

All job offers at Sacramento Container are contingent upon a pre-employment drug test, and background screen. We are an Equal Employment Opportunity Employer and recognize that the key to our success lies in the abilities and vision of our employees.
